Quickbooks for Accounting Professionals (Desktop Version) —This seminar was created exclusively for PSTAP!

Comprehensive Training No Matter How Long You've Used Quickbooks from the ONLY Company Endorsed and Partnered with Intuit

This course is designed specifically for Accountants! Bring your questions...leave with answers. Intuit endorsed Real World Training (RWT) in 1998, and since that time they have taught over 1,000,000 users and accountants how to use QuickBooks, fix errors, and save time.

Discover why clients make errors, and how to fix them: Clients don't realize they are performing complex accounting tasks without an accounting background. This creates errors and unexpected results. After teaching over 1 million **Quickbooks** users (people just like your clients), RWT has seen almost every possible error...and discovered WHY clients make these errors, and HOW to fix them. You learn the quickest and smartest fixes to the most common client errors.

The Speaker: Trevor Matheson, VP Real World Training
