### SAMPLING OF SUBJECTS TO BE COVERED

America's only CPE award winner continues its tradition as a CPE class combined with a 1040 desktop reference guide. For 2017, we will continue our 4 special focus chapters with new topics of : Amended returns, final returns for deceased, small business pension plan issues, and divorce. The manual begins with our coverage of individual law changes in the powerful and popular "What's New" discussion, which usually takes 1/2 of the 2 days. The course then proceeds through problem area and special focus issues and ends with industry issues on the latest concerns. As the only CPE provider recipient of the CPA Technology Advisor's top research award, you are assured of getting the best reference material available presented in an educational, yet interesting format.

Full attendance at the seminar will result in the receipt of 16 CPE units in Taxation. The program is recognized for credit by the Pennsylvania Board of Licensure of Public Accountants and the Internal Revenue Service for enrolled agents. Participants are responsible for their own CPE record keeping.

Registration for the 1040 Tax Seminar is limited and will be accepted on a first come, first serve basis. Your registration form must be accompanied by full payment.
