SAMPLING OF SUBJECTS TO BE COVERED

Wow. That's all we can say about America's only independently awarded recognition for multiple years as the top Research live-course CPE manual in the country. With over 1,000 pages of practitioner-written guidance, organized in the logical form order used by the IRS to assemble returns, participants receive both a printed and electronic manual. Written and taught by actual practitioners known for high-energy presentations in educational and humorous, yet informative manners, this course has been ranked as TaxSpeaker's® finest course for 15 straight years.

Our 2019 course will include detailed coverage, with planning ideas of the latest changes from the Tax Cuts and Jobs Act, special focus coverage of sole proprietorship issues and emerging economy issues as well as our annual review of common preparation issues and new court cases and IRS guidance. Participants are assured of receiving the best, most thorough and hands-on individual tax preparation education available in the country, and the independently awarded recognition proves it.

Full attendance at the seminar will result in the receipt of 16 CPE units in Taxation. The program is recognized for credit by the Pennsylvania Board of Licensure of Public Accountants and the Internal Revenue Service for enrolled agents. Participants are responsible for their own CPE record keeping.

Registration for the 1040 Tax Seminar is limited and will be accepted on a first come, first serve basis. Your registration form must be accompanied by full payment.
